

This Statement of Facts is a record of the information and Material Facts advised to Towergate Underwriting Liability & Construction. The acceptance of the Proposal for insurance and the calculation of the premium are based upon all information supplied and this forms the basis of the contract of insurance between you and Towergate Underwriting Liability & Construction on behalf of the Insurers defined within the Policy Schedule.

A Material Fact is one which an insurer would regard as likely to influence their assessment and acceptance of the insurance.

You should check this Statement and contact your insurance advisor immediately if any information is incorrect or if there are any other Material Facts that you should disclose. Failure to do so could invalidate your policy or result in a claim being repudiated.
